AllCity

The 11th SCI-FI-LONDON Film Festival 2012

Poster Submission

This is an invitation to submit an idea for the 2012 Festival poster.

The theme to work to is **Future Games**, referencing the London Olympic year. This should provide you with much scope for outlandish or even perfectly feasible ideas. Whether it's a calamitous dystopia, a modern utopian London or an other-worldly sporting event, we want to know your idea of a what the **Future Games** could be.

See the Brochure front template for reference. For the Poster we will be removing the header. Take into consideration the chosen poster will be animated, so if you wish to you can include in your pitch how you think best to do this.

The submissions will be presented in a London gallery, from which one will be chosen to represent the 2012 Festival.

Theme:
Future Games

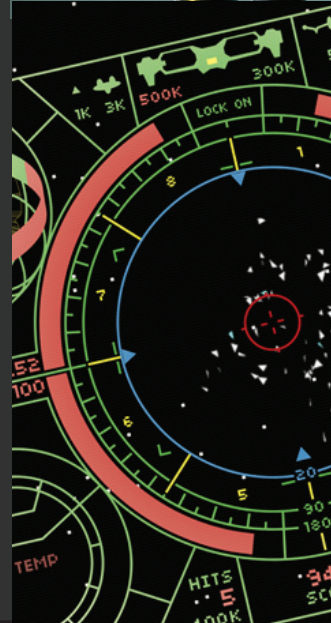

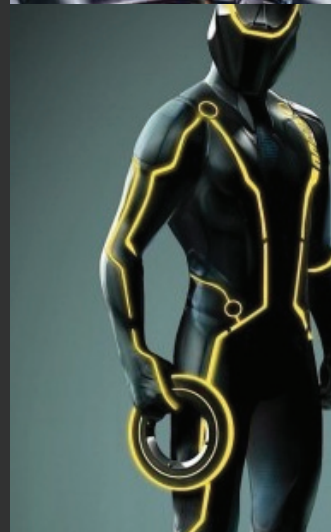

Info to Include:
11th SCI-FI-LONDON Film Festival
